

Dear Parent/Legal Guardian,

We hope this email finds you well, we believe that it is vital not to take children's learning foregranted during these difficult times. We have developed a product called the 'Ability Box' intended to help children learn Maltese.

We are Enable, a group of four students attending Saint Aloysius College Sixth Form, who are participating in this year's JAYE Young Enterprise Company Programme competition.

At enable, we worked hand in hand with a certified speech and language pathologist to create our product. The 'Ability Box' helps the parent/legal guardian have a multi-sensory approach when it comes to teaching crucial Maltese literacy skills to the children. All our resources and material are in Maltese and are aimed to help in the development of the child's phonological awareness, visual and auditory memory, reading as well as writing on a single word level. It helps in the development of these skills through various activities and focuses on getting the child and parent/legal guardian communicating. It is compact, versatile and easy to use therefore allowing you to teach your children from the comfort of your one home.

This will prove to be of great use, especially in these extraordinary times, where the child's education may be put to a temporary halt.

The Ability Box is complemented by our website which can be accessed through www.enable.mt. The website hosts useful information for caregivers and educators and is continuously being updated with resources and activities to complement the ones available through the box. The manual and scoresheets which are included in the box can also be found on our website. Information about how to use the activities are explained in the manual. We have also updated the website with various online and printable activities.

'The Ability Box' is being sold for €20, and can be ordered through our website www.enable.mt or by contacting +356 99 929 596. If you have any further queries needn't hesitate to contact us on info@enable.mt.

Thank you for your time, and we hope to hear from you soon.

Best regards,
Martha Schembri
