

Why Join

The Junior Science Club aims to provide young students the opportunity to engage in science investigations and practical science-related activities that extend their learning beyond the classroom environment.

During the sessions, the students practise science-related process skills and nurture their potential to develop problem-solving, critical thinking, communication and self-appraisal skills and competences.

Ages

The Junior Science Club is available to students in years 3, 4, 5 and 6 of primary schooling.

Date, Time and Venue

The Junior Science Club sessions will run on a weekly basis from end of October 2022 till end of May 2023 as per schedule below.

Locality	Day	Time	Venue
